26. The voting rights of Shareholders shall be in proportion of shares held by them to the total paid up equity shares of the company as on Friday 23rd September, 2022, being the cut-off date.
27. A person, who is not a Member of the Company as on Friday 23rd September, 2022 should treat this Notice for information purposes only.
28. A person who has acquired the shares and has become a member of the Company after dispatch of notice of AGM and prior to the Cut-off date i.e. Friday 23rd September, 2022 shall be entitled to exercise his/her vote either electronically i.e. remote e-voting or e-voting during AGM (insta poll) following the procedure mentioned in this Notice.
29. The recorded transcript of this AGM shall also be made available on the website of the Company - www.biofilgroup.net as soon as possible after the Meeting is concluded.
30. The procedure for joining the AGM through VC/OAVM is mentioned in this Notice. Since the AGM will be held through VC/OAVM, the route map is not annexed in this Notice.
31. In compliance with the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and any amendments thereto, Secretarial Standard on General Meetings ("SS-2"), Regulation 44 of the SEBI Listing Regulations and MCA Circulars, the facility for remote e-voting and e-voting in respect of the business to be transacted at the AGM is being provided by the Company through Central Depository Services (India) Limited ("CDSL"). Necessary arrangements have been made by the Company with CDSL to facilitate remote e-voting and e-voting during the AGM.
32. **THE INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:**
 - (i) The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
 - (ii) The voting period begins on Tuesday 27th September, 2022 from 9.00 A.M. and ends on Thursday, 29th September, 2022 at 5.00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. Friday 23rd September, 2022, may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
 - (iii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
 - (iv) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to

enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (v) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

STATEMENT AS REQUIRED UNDER SECTION 102 OF THE COMPANIES ACT, 2013

Pursuant to Section 102 of the Companies Act, 2013 ('the Act'), the following Statement sets out all material facts relating to the businesses mentioned under Item Nos. 3 and 4 of the accompanying Notice dated August, 09, 2022:

ITEM NO.3 RE-APPOINTMENT OF M/S MAHESHWARI & GUPTA, CHARTERED ACCOUNTANTS AS STATUTORY AUDITORS OF THE COMPANY AND TO FIX THEIR REMUNERATION.

This Statement is provided pursuant to Regulation 36(5) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, ('SEBI Listing Regulations'). However, the same is not required as per Section 102 of the Companies Act.

In accordance with Sections 139 and 142 of the Act read with the Companies (Audit and Auditors) Rules, 2014, as amended from time to time, the Members of the Company had, at the 32nd Annual General Meeting ('AGM') held on 25th September, 2017, appointed M/s. Maheshwari & Gupta, Chartered Accountants as the Statutory Auditors of the Company for a period of five (5) consecutive years from the conclusion of the 32nd AGM till the conclusion of 37th AGM of the Company.

Pursuant to the provisions of Section 139 of the Act, no listed company can appoint/re-appoint an audit firm as a Statutory Auditor for more than two terms of five (5) consecutive years and accordingly, M/s. Maheshwari & Gupta Chartered Accountants is eligible to be re-appointed as the Statutory Auditors of the Company for another term of five (5) consecutive years.

The Board of Directors of the Company, at its meeting held on August, 09, 2022, on the recommendation of the Audit Committee has, after considering and evaluating various proposals and factors such as independence, industry experience, technical skills, geographical presence, audit team, quality of audit reports, etc. recommended the re-appointment of M/s. Maheshwari & Gupta Chartered Accountants as the Statutory Auditors of the Company, to the Members at the ensuing AGM for a second term of five (5) consecutive years from the conclusion of this 37th AGM till the conclusion of the 42nd AGM (AGM for the financial year 2026-27) of the Company, to examine and audit the accounts of the Company.

M/s. Maheshwari & Gupta, Chartered Accountants, have consented to the said re-appointment and confirmed that their re-appointment, if made, would be within the limits specified under Section 141(3)(g) of the Act. They have further confirmed that they are not disqualified to be re-appointed as statutory auditors in terms of the provisions of the proviso to Section 139(1) and Section 141(3) of the Act and the provisions of the Companies (Audit and Auditors) Rules, 2014. As required under the SEBI Listing Regulations, M/s. Maheshwari & Gupta Chartered Accountants holds a valid certificate issued by the Peer Review Board of ICAI.

The Company has received necessary certificate and written consent from M/s. Maheshwari & Gupta, Chartered Accountants stating that their re-appointment, if made, shall be in accordance with the statutory requirements under the Companies Act, 2013 read with Rule 10 of the Companies (Audit and Auditors) Rules, 2014, as amended from time to time and SEBI Listing Regulations.

The terms and conditions of the appointment of the Statutory Auditors of the Company shall inter-alia also include the conditions mentioned in Clauses 6A & 6B of the SEBI Circular No. CIR/CFD/CMD1/114/2019 dated 18th October, 2019.

Disclosure pursuant to Regulation 36(5) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is as follows:

Proposed Fees Payable to Statutory Auditor	Rs. 30,000/- (Rupees Thirty Thousand only) plus reimbursement of out of pocket expenses for financial year 2022-23. The remuneration for the remaining term till the conclusion of the 42nd AGM of the Company shall be determined based on the recommendation of the Audit Committee and as mutually agreed between the Board of Directors of the Company and the Statutory Auditors from time to time.
Terms of Re-Appointment	5 Consecutive Years i.e. from the conclusion of 37th Annual General Meeting till the conclusion of 42nd Annual General Meeting.
Any material change in the fee payable to such auditor from that paid to the outgoing auditor along with the rationale for such change	Not Applicable in case of re-appointment of auditor
Basis of Recommendation of Re-Appointment	Based on the recommendation of the Audit Committee, the Board re-recommends the Ordinary Resolution for reappointment of Statutory auditors

Accordingly, the Board of Directors recommends the passing of the Resolution at Item No. 3 as an Ordinary Resolution for approval of members.

None of the Directors and Key Managerial Personnel of the Company and their respective relatives is, in any way, financially or otherwise, are deemed to be concerned or interested in this item of business.

ITEM NO. 4 APPROVAL OF MATERIAL RELATED PARTY TRANSACTION(S) WITH CYANO PHARMA PRIVATE LIMITED.

Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ('SEBI Listing Regulations'), as amended vide SEBI (Listing Obligations and Disclosure Requirements) (Sixth Amendment) Regulations, 2021, effective from April 1, 2022, states that all Material Related Party Transaction ('RPT') with an aggregate value exceeding 1,000 crore or 10% of annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower, shall require approval of shareholders by means of an ordinary resolution. The said limits are applicable even if the transactions are in the ordinary course of business of the concerned company and at an arm's length basis. The amended Regulation 2(1)(zc) of the SEBI Listing Regulations has also enhanced the definition of related party transaction which now includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand, regardless of whether a price is charged or not.

Further SEBI, vide its circular SEBI/HO/CFD/CMD1/CIR/P/2022/40 dated 30th March, 2022, has clarified that a Related Party Transaction approved by the Audit Committee prior to 1st April, 2022, which continues beyond such date and if it becomes material as per revised materiality threshold provided above, shall be placed before the shareholders in the first General Meeting held after April 1, 2022.

It is in the above context that Item No. 4 of Notice is placed for the approval of the Shareholders of the Company.

BACKGROUND, DETAILS AND BENEFITS OF THE TRANSACTION

Biofil Chemicals and Pharmaceuticals Limited (BCPL), has entered into tri-party agreement with Cyano Pharma Private Limited (CPPL) and HLL Lifecare Limited (Formerly Hindustan Latex Limited) for providing job work facility to HLL Lifecare Limited. In order to give effect to agreement BCPL and CPPL undertake the activity of sell and purchase of raw material and finished goods with each other and providing job work facility, although the transaction are entered in to ordinary course of business and on arm length basis.

The proposed activity of the Company with respect to give effect to said agreement, company may need to enter into transaction of sale and purchase with CPPL will may exceed 10% of annual consolidated turnover of the Company as per the last audited financial statement of the Company for the year 2021-22. Thus, in terms of Regulation 23 of SEBI Listing Regulations and Company's policy on Materiality of and dealing with Related Party Transactions and pursuant to all other applicable provisions of the Companies Act, 2013 and Rules made there under, these transactions would require the approval of members by way of an Ordinary Resolution.

The Management has provided the Audit Committee with the relevant details, as required under law, of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has granted approval for entering into RPTs with CPPL for an aggregate value of up to Rs. 20 crores to be entered during Financial Year 2022-23 and up to the date of this Annual General Meeting. The Audit Committee has noted that the said transactions will be on an arms' length basis and in the ordinary course of business of the Company.

Accordingly, on the basis of review and approval of the Audit Committee, the Board of Directors recommends the resolution contained in Item No. 4 of the accompanying Notice to the shareholders for approval.

Information required to place before the members pursuant to Rule 15 of the Companies (Meetings of the Board and its Powers) Rules, 2014 read with circular no. SEBI/HO/CFD/CMD1/CIR/P/2021/662 dated November 22, 2021 regarding proposed transaction between related party and Company are as follows:

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT

The industry is in the midst of a fundamental transformation, as the scale of operations is growing. The year 2022 will have pharma companies oriented to staying agile and resilient in regards to disruption bred by the fluctuating market demands and diverse customer needs. A Deloitte's report states that the majority of pharmaceutical companies recognize evolving customers' behaviors and attitudes as the most significant factors of transformation. Indeed, today's pharma clientele require revolutionary pharmaceutical solutions that will render drug development, discovery, prescription, and usage easier and more convenient.

As per Pharmaceutical Technology, a 2021 Global Data survey revealed that 70% of surveyed pharma industry clients anticipate drug development to be the most impacted in 2022 by smart technologies, like Artificial Intelligence (AI), Machine Learning (ML), and Natural Language Processing (NLP). These are more than the expectations of those on the receiving end, but also the overall tendency that will define pharma's 2022.

OPPORTUNITIES AND THREATS

The pharmaceuticals sector in the majority of the world's markets experienced a growth spike in 2021, driven for the most part by vaccine production for Covid-19. This is likely to remain high in the coming years, as a large share of the world's population has yet to be vaccinated. Ongoing production will also be required to supply booster jabs, as well as vaccinations modified to address new virus variants

The pharmaceutical industry has certainly had its challenges in the past year. The global pandemic created an unprecedented demand for vaccines, shut down many clinical trials and resulted in a global PPE shortage. And now, almost midway through 2021, the industry is still scrambling to catch up.

Although pharmaceutical companies have developed and begun to roll out a range of vaccines, this new phase doesn't mean anything is settling down in the industry. Rather, 2021 has delivered its own set of challenges.

Below are five of the most significant.

- Limited clinical trials during the pandemic
- The cost of innovation and fast evolution
- Supply chain disruptions
- Cultural focus on prevention, rather than treatment
- Developing new cures for presently incurable diseases

Your Company is major manufacturer and Traders of Ferrous Sulphate in its Crystal, Exsiccated & Granular form, Microcrystalline Cellulose Powder (MCCP) Cellulose Powder (CP).

Expansion of Company's Business

For expansion of business the Company has received clearance via EC identification Number EC 22B058MP119299 letter from State Environment Impact assessment Authority (SEIAA), Madhya Pradesh for Manufacturing of

1. Steriod and Harmones upto the production limit of 90 tons
2. API/ Intermediates upto the limit of 1800 tons

Beside this SEIAA Madhya Pradesh also enhanced the production limit of existing drug such as Diclofanec sodium, Aceclofenac, Mefemanic Acid, Fenbendazole along with Intemediates that belongs to Chemical Group such as 4- Nitro Benzyl Chloride, 3-Nitro Benzyl Chloride, Paranitrobenzyl Alcohol etc, manufactured by the company

Further Company is working on directions given by (SEIAA), Madhya Pradesh in terms of modification in factory which is expected to be completed by this Diwali for inspection so as to get final clearance from (SEIAA), Madhya Pradesh and will start new production by this December 2022

SEGMENT WISE PERFORMANCE

Your Company is multi segment Company as it deals in Pharmaceuticals and Chemicals products. During the year under review the performances in terms of revenue of the segments were as follows:-

Pharma Unit

In the financial year 2020-21 revenue generated from Pharma Unit was Rs 2700.01 Lacs and in the year 2021-2022 the same unit generated revenue of Rs 1900.52 Lacs.

Chemicals Unit

In the financial year 2020-21 revenue generated from Chemical Division was Rs 875.03. Lacs and in the year 2021-22 the same unit generated revenue of Rs 337.71 Lacs

OUTLOOK

Medicine spending in India is projected to grow 9-12% over the next five years, leading India to become one of the top 10 countries in terms of medicine spending.

Going forward, better growth in domestic sales would also depend on the ability of companies to align their product portfolio towards chronic therapies for diseases such as cardiovascular, anti-diabetes, anti-depressants and anti-cancers, which are on the rise.

The Indian Government has taken many steps to reduce costs and bring down healthcare expenses. Speedy introduction of generic drugs into the market has remained in focus and is expected to benefit the Indian pharmaceutical companies. In addition, the thrust on rural health programmes, lifesaving drugs and preventive vaccines also augurs well for the pharmaceutical companies

The Union Cabinet has given its nod for the amendment of the existing Foreign Direct Investment (FDI) policy in the pharmaceutical sector in order to allow FDI up to 100% under the automatic route for manufacturing of medical devices subject to certain conditions.

The Indian drugs and pharmaceuticals sector received cumulative FDIs worth US\$ 19.19 billion between April 2000-December 2021.

Some of the recent developments/investments in the Indian pharmaceutical sector are as follows:

- In March 2022, Themis Medicare Ltd. (Themis), announced the approval of its antiviral drug VIRALEX by the Drug Controller General of India (DCGI).

- In August 2021, Alkem Laboratories introduced Famotidine and Ibuprofen tablets to treat osteoarthritis and rheumatoid arthritis symptoms in the US.
- In July 2021, Generic Health (an Australia-based subsidiary of Lupin Limited) signed an agreement with Southern Cross Pharma Pty Ltd. (SCP). Under this deal, Lupin will acquire 100% shares of SCP. The acquisition is expected to further strengthen Lupin's foothold in Australia.
- In June 2021, Sun Pharmaceuticals acquired the patent license for Dapagliflozin from AstraZeneca. The company will be distributing and promoting the drug under the brand name 'Oxra'.
- In June 2021, Lupin Ltd. announced its intention to enter the digital healthcare space in India. It incorporated Lupin Digital Health Ltd., a wholly owned subsidiary, to provide a digital therapeutics platform for medical practitioners and patients in the country.
- In May 2021, Cipla launched a real-time COVID-19 detection kit 'ViraGen' that is based on multiplex polymerase chain reaction (PCR) technology.
- In May 2021, the Government of India invited R&D proposals on critical components and innovations in oxygen concentrators by June 15, 2021.
- In May 2021, Indian Immunologicals Ltd. (IIL) and Bharat Immunologicals and Biologicals Corporation (BIBCOL) inked technology transfer pacts with Bharat Biotech to develop the vaccine locally to boost India's vaccination drive. The two PSUs plan to start production of vaccines by September 2021.
- In May 2021, Eli Lilly & Company issued non-exclusive voluntary licenses to pharmaceutical companies-Cipla Ltd., Lupin Ltd., Natco Pharma & Sun Pharmaceutical Industries Ltd.-to produce and distribute Baricitinib, a drug for treating COVID-19.
- In April 2021, the CSIR-CMERI, Durgapur, indigenously developed the technology of Oxygen Enrichment Unit (OEU). The unit can deliver medical air in the range of ~15 litres per minute, with oxygen purity of >90%. It transferred the technology to MSMEs-Conquerent Control Systems Pvt. Ltd., A B Elasto Products Pvt. Ltd. and Automation Engineers, Mech Air Industries and Auto Malleable.
- In April 2021, National Pharmaceutical Pricing Authority (NPPA) fixed the price of 81 medicines including off-patent anti-diabetic drugs allowing due benefits of patent expiry to the patients.
- In February 2021, Aurobindo Pharma announced plans to procure solar power from two open access projects of NVNR Power and Infra in Hyderabad. The company will acquire 26% share capital in both companies with an US\$ 1.5 million investment. The acquisition is expected to be completed by the end of March 2021.
- In February 2021, the Telangana government partnered with Cytiva to open a 'Fast Trak' lab to strengthen the biopharma industry of the state.

- PharmEasy received US\$ 300 million in July 2021 from its existing investors after acquiring Thyrocare, the diagnostic firm. These funds will be utilised to continue Thyrocare's acquisition process. After the transaction is completed, the online pharmacy plans to float the company on the Indian Stock Exchange.

RISKS AND CONCERN

After one of the most chaotic years on record, pharmaceutical manufacturers are on track for recovery in 2021. However, despite recovering consumer confidence - and the end of the pandemic being in sight - the pharmaceutical industry still faces significant risk.

The COVID-19 pandemic exposed weaknesses in the industry's global supply chain and while consumer confidence is recovering, it is nowhere near normal levels just yet. Businesses in the sector are likely to face a number of major risks through the end of the year, six of which - including lower-than-average consumer confidence, pharmaceutical fraud, patent cliffs and growing customer expectations - are outlined below.

- Reduced demand for prescription medicine
- Growing competition from generic pharmaceuticals
- Pharmaceutical fraud
- Rising consumer expectations and difficulties managing brand health
- Data breaches and other cybersecurity threats

On the manufacturing side, increased use of internet-connected manufacturing technology - such as industrial IoT sensors - may make manufacturing facilities more vulnerable to attack.

As cyberattacks become a more serious threat to the industry, investment in cybersecurity will need to increase. Companies will also need to implement better cybersecurity policies in the office and for remote workers, or run the risk of a costly data breach. Investments in IoT security may also be necessary for adopters of the technology.

- Supply chain disruptions

11/12, Sector E, Sanwer Road,
Indore (M.P.) 452015

We have examined the compliance of conditions of Corporate Governance by **BIOFIL CHEMICALS AND PHARMACEUTICALS LIMITED** ('the Company'), for the year ended 31st March 2022, as stipulated in Regulations 17, 17A, 18, 19, 20, 22, 23, 24, 24A, 25, 26, 27, clauses (b) to (i) and (t) of sub-regulation (2) of Regulation 46 and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

The compliance of conditions of Corporate Governance as stipulated under the listing regulations is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations, as applicable.

We have examined the relevant records of the Company in accordance with the Generally Accepted Auditing Standards in India, to the extent relevant, and as per the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of,
BIOFIL CHEMICALS AND PHARMACEUTICALS LIMITED
Indore

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **BIOFIL CHEMICALS AND PHARMACEUTICALS LIMITED**, ("the Company"), which comprise the Balance Sheet as at 31st March 2022, the Statement of Profit & Loss, (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Ind AS Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each key audit matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the 'Auditor's responsibilities for the audit of the Ind AS financial statements' section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

We have determined that there are no other key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report 2021-22, but does not include the Ind AS financial statements and our auditor's report thereon. Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion] forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

**Annexure B - Referred to in paragraph (f) under the heading
'Report on Other Legal and Regulatory Requirements' of our report of even date to the
members of Biofil Chemicals and Pharmaceuticals Limited for the year ended March 31, 2022**

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of subsection 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to the financial statements of **Biofil Chemicals and Pharmaceuticals Limited** (the "Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Ind AS financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to the Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the Ind AS financial statements included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the Ind AS financial statements.

Meaning of Internal Financial Controls with reference to these Ind AS financial statements

A company's internal financial control with reference to these Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to these Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls with reference to these Ind AS financial statements

Because of the inherent limitations of internal financial controls with reference to these Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls over financial reporting with reference to these Ind AS Financial Statements and such internal financial controls over financial reporting with reference to these Ind AS Financial Statements were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1 Corporate Information

Biofil chemicals and Pharmaceuticals Limited is public limited Company in India with its registered office at Indore Madhya Pradesh India. The Company is listed on BSE Limited and National Stock Exchange of India Limited. (NSE) The Company deals in manufacturing and trading of Pharmaceuticals. Further the company also deals in providing job work facility in respect of manufacturing of pharmaceuticals durg. The company runs its business via two unit viz Pharmaceutical Division & Chemicals Division.

The functional and presentation currency of the Company is Indian Rupee ("₹") which is the currency of the primary economic environment in which the Company operates.

The financial statements for the year ended March 31, 2022 were approved by the Board of Directors and authorised for issue on May 30, 2022.

2 Basis of preparation

a Statement of Compliance

The financial statements of the company have been prepared in accordance with and comply in all material aspects with Indian Accounting Standards ("Ind AS") as notified under section 133 of the Companies Act, 2013 ('Act') read with Companies (Indian Accounting Standards) Rules, 2015 and the relevant provisions of the Act.

b Functional and presentation currency

These financial statements are presented in Indian rupees (in lakhs), which is the Company's functional currency. All amounts have been amount in Lakhs, unless otherwise indicated.

c Use of Estimates and Judgement

The preparation of financial statements in accordance with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods if affected. The most significant estimates and assumptions are described below:

(i) Recognition and measurement of Provisions and Contingencies

The Company's Management estimates Key assumptions about the likelihood and magnitude of an outflow of resources; based on available information and the assumptions and methods deemed appropriate. Wherever required, these estimates are primarily prepared with the assistance of legal counsel. As additional information becomes available to the Company, estimates are revised and adjusted periodically.

(ii) Recognition of Deferred Tax Assets

The Management makes estimates as regards to availability of future taxable profits against which unabsorbed depreciation/ tax losses carried forward can be used.

(iii) The financial statements are presented in Indian Rupee ('INR') which is also the Company's functional currency and all values are rounded to the nearest lakhs, except when otherwise indicated. Wherever the amount represented '0' (zero) construes value less than Rupees five thousands.

3 Summary of significant accounting policies

3.01 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

3.02 Foreign currencies

+

The Company's financial statements are presented in INR, which is also the company's functional currency.

3.03 Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date the transaction first qualifies for recognition.

3.04 Fair value measurement

The company has elected to measure items of property, plant and equipment and intangible assets at its carrying value at the transition date except for certain class of assets which are measured at fair value as deemed cost.

3.05 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised.

3.06 Interest income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.

3.07 Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

3.08 Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the country where the Company operates and generates taxable income.

"Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

"Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate."

3.09 Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the

deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.10 Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) paid as per Indian Income Tax Act, 1961 is in the nature of unused tax credit which can be carried forward and utilised when the Company will pay normal income tax during the specified period. MAT paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the concerned company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

3.11 Property, plant and equipment

The Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost in accordance with the exemption provided under IND AS 101.

Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any such cost includes the cost of replacing part of the plant and equipment and borrowing its for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Depreciation on property, plant and equipment is calculated on a WDV basis using the rates arrived at based on the useful lives estimated by the management which coincides with the rates as per Schedule II of the Companies Act, 2013. The useful life of major assets are as under :

Asset class	Useful lives
Building	30 years
Plant & Machinery	20 years
Office equipment	5 years
Other Assets	15 years
Furniture & fixtures	10 years

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

3.12 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of

the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.13 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2015, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

3.14 Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

3.15 Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials and components, stores and spares : COST includes COST of purchase and other costs incurred in bringing the inventories to its present location and condition. Cost is determined on moving weighted average basis.
- Finished goods and work in progress : cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

3.16 Impairment of Financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 ('Financial Instruments') requires expected credit losses to be measured through a loss allowance. The Company follows 'simplified approach' for recognition of impairment loss allowances. All financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. The Company provides for impairment upon the occurrence of the triggering event.

3.17 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

3.18 Contingent liabilities & Contingent Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

A contingent assets is not recognised unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

Contingent liabilities and contingent assets are reviewed at each balance sheet date.

3.19 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each balance sheet and adjusted to reflect the current best estimates.

3.20 Retirement and other employee benefits**i. Defined contribution plan**

Retirement benefits in the form of provident fund, Pension Fund and Employees state Insurance Fund are a defined contribution scheme and the contributions are charged to the Statement of profit and loss of the period when the employee renders related services. There are no other obligations other than the contribution payable to the respective authorities.

ii. Defined benefit plan

Gratuity liability for eligible employees are defined benefit obligation and are provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Obligation is measured at the present value of estimated future cash flows using discounted rate that is determined by reference to market yields at the balance sheet date on Government Securities where the currency and terms of the Government Securities are consistent with the currency and estimated terms of the defined benefit obligation.

Remeasurements, comprising of actuarial gains and losses excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss: □

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

3.21 Financial instruments

Financial instruments are recognised when the Company becomes a party to the contract that gives rise to financial assets and financial liabilities.

Financial Assets**Initial recognition and measurement**

All financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Subsequent measurement**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method if these financial assets are held within a business whose objective is to hold these assets to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Fair value movements are recognised in Other Comprehensive Income (OCI).

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in statement of profit and loss.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised when the obligation specified in the contract is discharged or cancelled or expires.

Financial liabilities**Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables and borrowings.

Loans and Borrowings

Financial liabilities are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance cost in the statement of profit and loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

3.22 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

3.23 Segment Reporting

Based on "Management Approach" as defined in Ind AS 108 - Operating Segments, the management evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies :

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

3.24 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.25 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The company does not expect the amendments to have any impact in its recognition of its property, plant and equipment

in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 116 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The company does not expect the amendment to have any significant impact in its financial statements.

3.35 Mandatory exceptions applied – Standard Issued but not yet effective.

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

* - Fair value through profit and loss

** - Fair value through other comprehensive income

The company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

Level 1: Fair value measurement are those derived from quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Fair value measurements are those derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3: Fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs)

There were no transfers between Level 1 and Level 2 during the year. No financial assets/ liabilities that are measured at fair value were Level 3 fair value measured.

Note 29 : Financial risk management objectives and policies

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

In performing its operating, investing and financing activities, the Company is exposed to the Market risk, Liquidity risk.

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of : interest rate risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, and derivative financial instruments.

(i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings."

(ii) Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(Amount in Lacs)

- INR	(0.23)	(0.21)
Decrease in basis points		
- INR	50.00	50.00
Effect on profit before tax		
- INR	0.23	0.21

(iii) Commodity Price Risk

The company purchases raw materials (sulphuric acid and iron waste) on ongoing basis which is required for manufacturing of Ferrous sulphate powder and company involves trading in pharmaceutical products.

(iv) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customer. The Company establishes an allowance for doubtful debts and impairment that represents its estimate on expected loss model.

(a) Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

(Amount in Lacs)

PARTICULARS	As at March 31, 2022	As at March 31, 2021
Past due but not impaired	-	-
Past due 0-90 days	280.90	620.92
Past due 91-180 days	56.90	258.50
Past due more than 180 days	382.96	842.37
	720.76	1721.79

Expected credit loss assessment

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Impaired amounts are based on lifetime expected losses based on the best estimate of the management. Further, management believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk. The impairment loss related to several customers that have defaulted on their payments to the Company and are not expected to be able to pay their outstanding balances, mainly due to economic circumstances.

(iii) (b) Cash and cash equivalents

The Company holds cash and cash equivalents with credit worthy banks and financial institutions of Rs. 6 lakhs as at March 31, 2022, (Rs. 43.08 Lakhs as at 31st March 2021). The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

(iii) (c) Investments

The Company does not expect any losses from non-performance by these counter-parties apart from those already given in financials, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

(b) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from banks at an optimised cost.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2022 and March 31, 2021 is the carrying amounts as illustrated in Note 11, Note 12 and Note 13 The Company's maximum exposure relating to financial guarantees.

	1,642.56	-	-	1,642.56

At present, Company does expect to repay all liabilities at their contractual maturity. In order to meet such cash commitments, operating activity is expected to generate sufficient cash inflows.

Note 30 : Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt is calculated as borrowing less cash and cash equivalent and other bank balances and mutual funds investments.

(Amount in Lacs)

PARTICULARS	As at March 31, 2022	As at March 31, 2021
Borrowings	46.47	42.98
Less : Cash and cash equivalent	(14.49)	(44.05)
Adjusted net debt	31.97	-1.06
Total Equity	1,683.77	1,612.91
Capital and net debt	1,683.77	1,612.91
Gearing ratio	1.90%	-0.07%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2022 and March 31, 2021.

Note 31 : Significant accounting judgement, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based on its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred income taxes reflects the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities related to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each balance sheet date the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain that sufficient future taxable income will be available against which such deferred tax assets can be realised or virtually certain as the case may be.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or

virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum alternative tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay income tax higher than that computed under MAT, during the period that MAT is permitted to be set off under the Income Tax Act, 1961 (specified period). In the year, in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the guidance note issued by the Institute of Chartered Accountants of India (ICAI), the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay income tax higher than MAT during the specified period.

There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts initially recorded, such differences will impact the current and deferred tax provisions in the period in which the tax determination is made. The assessment of probability involves estimation of a number of factors including future taxable income.

Defined benefit plans (gratuity benefits)

A liability in respect of defined benefit plans is recognised in the balance sheet, and is measured as the present value of the defined benefit obligation at the reporting date less the fair value of the plan's assets. The present value of the defined benefit obligation is based on expected future payments which arise from the fund at the reporting date, calculated annually by independent actuaries. Consideration is given to expected future salary levels, experience of employee departures and periods of service.

Further details about gratuity obligations are given in Note 32
